(3) Planned Program Benefits. (Describe below how your planned programs and activities will address the needs of low income families identified above. Also describe how your planned programs will address the various types of housing assistance needs NAHASDA § 102(b)(2)(B)):

Tagiugmiullu Nunamiullu Housing Authority (TNHA) will solicit written proposals and comments from its constituent tribes to strategically develop and continuously improve its annual Indian Housing Plan (IHP). The IHP will aim to be responsive to the present and emerging needs of the region's low- and moderate-income American Indian/Alaska Native (AIAN) families within the funding constraints of the Indian Housing Block Grant (IHBG). Resources will be targeted to leverage new investment, strengthen partnerships, and enhance economies of scale at the local level. TNHA will do this through programs and services aligned with our mission statement, adopted November 8, 2018, "to excel in the delivery of opportunities for affordable housing that empower, build, and sustain vibrant self-determined communities on the Arctic Slope for generations to come."

TNHA will advocate for the establishment of a regional coalition to address housing and homelessness issues in partnership with regional and local municipalities, tribal governments, Native corporations, groups, individuals, and policymakers. This

coalition will meet on a regular basis to explore new ways of working together, facilitate information sharing, coordinate and streamline service delivery, build capacity, and attract the resources essential to address local and regional housing needs.

TNHA will champion the importance of participation in the 2020 U.S. Census to the communities it serves and coordinating agencies, and participate in regional and local comprehensive planning efforts to assure efficient utilization of resources, including health care, water and sewer, energy, transportation, education and training, economic development, and shelter.

Through its membership in the Association of Alaska Housing Authorities, TNHA will engage state and federal policymakers in vigorous advocacy for the housing needs and interests of the Arctic Slope. TNHA will also publish a regular newsletter and use appropriate media resources, including press releases, newspaper advertisements, and social media platforms, to disseminate timely updates on its programs and activities to its constituent tribes and the general public on a regular basis.

TNHA's occupancy department will continue to deliver a high standard of service in operating its legacy affordable housing programs, to include those activities prescribed by NAHASDA or subject to contract between the Secretary and the Indian Housing Authority pursuant to the United States Housing Act of 1937. To the extent permitted by NAHASDA and feasible at current funding levels, TNHA will also develop and offer new programs and services, to include down payment and closing cost assistance, rental and deposit assistance, small home upgrade loans, and personal finance/credit counseling.

TNHA's operations department will continue to utilize the force-account method to complete the modernization of 1937 Act Current Assisted Stock units in order to preserve and maintain the viability of affordable housing throughout the region. In consideration of funding limitations, TNHA will prioritize three key project areas: Life, Health, and Safety Repairs; Energy Efficiency and Indoor Environmental Quality (including Room-to-Room Pressure Balancing, Heat-Recovery Ventilation Improvements, and Elimination of Atmospheric Combustion Appliances); and Cost-Effective Renewable Energy Systems.

Routine, preventative, and non-routine maintenance shall be provided by TNHA for all of its Low Rent stock. Outside of funded modernization projects, routine or preventative maintenance shall not be provided by TNHA for other units.

Emergency and non-routine work on Mutual Help and NAHASDA homes may be provided to homebuyers at cost, as a courtesy, in recognition of the limited economies and access to skilled tradespeople prevalent in the outlying villages of the Arctic Slope. The cost of any emergency and non-routine assistance provided to Mutual Help and NAHASDA homes utilizing TNHA employees under this provision shall be disclosed in advance to, and borne by, the homebuyer.

(4) Geographic Distribution. *Describe below how the assistance will be distributed throughout the geographic area and how this geographic distribution is consistent with the needs of low income families. NAHASDA § 102(b)(2)(B)(i):*

TNHA owns and operates approximately 270 affordable housing units across the eight villages of the North Slope Borough, including 107 low-income rentals in the regional hub of Utqiagvik, 43 NAHASDA-assisted homebuyer units in the six outlying villages for which TNHA is the TDHE (Anaktuvuk Pass, Atkasuk, Kaktovik, Nuiqsut, Point Hope, Point Lay, and Wainwright), and 83 Mutual Help units distributed across all eight villages. Additionally, TNHA separately operates 112 units of market-based public rental housing in Utqiagvik. Income from this program is used to support affordable housing programs and services.

Analysis of data from the 2010 U.S. Census reveals that there were 1,768 persons of AIAN heritage residing in the six (6) Arctic Slope villages for which TNHA is the TDHE. The HUD FY 2019 IHBG Estimated Allocation for these villages counts a total of 1,774 AIAN persons. The Census counts 5,512 AIAN persons for the North Slope Borough Census Area overall, which includes the regional hub of Utqiagvik and the large village of Point Hope, while HUD estimates 4,900 AIAN total persons. Depending on the data source used, TNHA is the TDHE for approximately 32-36% of the regional AIAN population.

Even a cursory review of occupancy patterns and quality of life in the region reveals dramatic need. The 2018 Alaska Housing Assessment estimates 27 percent of occupied units in the North Slope Borough census area are either "overcrowded" or "severely overcrowded." This is more than eight times the national average, and distinguishes the North Slope Borough as the fifth most overcrowded census area in the state. As a community leader testified during a field hearing of the U.S. Senate Committee on Indian Affairs held in the Bering Straits village of Savoonga in August 2018, "For American Indians and Alaska Natives, overcrowded housing is a manifestation of what would be unsheltered homelessness in other parts of the country."

Provision of new and rehabilitated affordable housing for low-income AIAN families remains TNHA's top priority. Beginning with this IHP cycle, TNHA will implement a new community-driven needs assessment and program proposal process

designed to equitably distribute opportunity to direct investment of pooled resources among the six villages for which it is the TDHE. The needs assessment will take the form of a simple electronic matrix which tribal partners can populate with household contact information and check boxes reflecting each household's need. The program proposal, adapted from a similar tool used by Tlingit-Haida Regional Housing Authority, will allow tribal partners to submit requests for consideration to TNHA for review by the TNHA Board of Commissioners. Final determination of which proposals, if any, will be incorporated into the following IHP cycle will be by consensus of the BOC, TNHA management, and tribal partners, and based upon analysis of a complete community-driven needs assessment, current census area data, comprehensive planning data, historic patterns of resource utilization by geographic region, availability of other leveraging resources, timeliness, and other factors.

TNHA's 2019 IHP establishes the following general priorities for the distribution of regional resources: 1) Modernize and advance the sustainability of legacy current assisted stock (1937 Act housing), and, 2) within NAHASDA funding, regulatory, and policy constraint, address life, health, and safety deficiencies. Low-income AIAN families residing in a TNHA-affiliated village in substandard or overcrowded housing will receive the highest preference. Priority will, as always, be established according to the age of the units and assessment indicating severity of need.

In this manner, all current assisted stock units in villages throughout the region will have an equitable opportunity for service with overall 2019 IHBG funding distributed in a manner proportional to need and consistent with NAHASDA formula allocation for the current year. While provision of affordable housing to low-income AIAN families remains TNHA's first priority, should housing needs be identified for families who do not meet affordable housing eligibility requirements, TNHA will provide referral to other appropriate regional resources.

SECTION 3: PROGRAM DESCRIPTIONS

[102(b)(2)(A)], [233(a)], [235(c)], [404(b)], 24 CFR §1000.512(b)(2) and (3)

Planning and Reporting Program Year Activities

In this section, the recipient must provide a description of its planned eligible activities, and intended outcomes and outputs for the One-Year IHP. The recipient can select any combination of activities eligible under NAHASDA and intended outcomes and outputs that are based on local needs and priorities. There is no maximum or minimum number of eligible activities or intended outcomes and outputs. Rather, the One-Year IHP should include a sufficient number of eligible activities and intended outcomes to fully describe any tasks that the recipient intends to fund in whole or in part with IHBG resources during the coming program year.

Subtitle B of NAHASDA authorizes recipients to establish a program for self-determined housing activities involving construction, acquisition, rehabilitation, or infrastructure relating to housing activities or housing that will benefit the low-income households served by the Indian tribe. A recipient may use up to 20 percent of its annual allocation, but not more than \$2 Million, for this program. Section 233(a) of NAHASDA requires a recipient to include its planned self-determination program activities in the IHP, and Section 235(c) requires the recipient to report the expenditures, outputs, and outcomes for its self-determination program in the APR. For more information, see PIH Notice 2010-35 (Demonstration Program - Self-Determined Housing Activities for Tribal Governments) at http://portal.hud.gov/hudportal/documents/huddoc?id=DOC_8814.pdf

The One-Year IHP is not required to include eligible activities or intended outcomes and outputs that will not receive IHBG resources. For example, the recipient may be planning to apply for Low Income Housing Tax Credits (LIHTC) from its state. If those tax credit projects will not receive IHBG resources, they are not required to be described in the IHP. However, the recipient may wish to include non-IHBG activities in the IHP to provide tribal members with a more complete picture of housing activities.

If an activity will receive partial funding from an IHBG resource, it must be described in the IHP.

For example, if the recipient uses IHBG-funded staff persons to manage, inspect, or maintain an LIHTC-funded rental project, that project would be considered an IHBG-assisted project and the related activities must be described in the IHP.

Planning and Administrative expenses and loan repayments should not be identified as programs in the IHP. That is why there are dedicated rows in the Uses of Funding budget for these expenses. Instead, describe anticipated planning and administrative expenses in Section 6, Line 4 of the IHP, and describe actual planning and administration expenses in Section 6, Line 5 of the APR. Report the planned and actual amount of planning and administrative expenses in the dedicated row of the Uses of Funding budget (Section 5, Line 2). Please note that Reserve Accounts to support planning and administration is an eligible activity and should be identified as a program in the IHP, and any planned or actual expenditure from the Reserve Account would be reported by its program name in the Uses of Funding table.

For the IHP, complete the **unshaded** sections to describe the planned activities, outcomes and outputs in the coming 12-month program year. The recipient must complete Lines 1.1 through 1.4, Lines 1.6 and 1.7, and Line 1.9 for each eligible activity or program planned for the One-Year IHP. For the APR, complete the shaded sections to describe actual accomplishments, outcomes, and outputs for the previous 12-month program year. In particular, complete Lines 1.5, 1.8, 1.9, and 1.10 for each program included in the IHP.

Eligible Activity May Include (citations below all reference sections in NAHASDA)

Eligible Activity	Output Measure	Output Completion
(1) Modernization of 1937 Act Housing [202(1)]	Units	All work completed and unit passed final inspection
(2) Operation of 1937 Act Housing [202(1)]	Units	Number of units in inventory at Program Year End (PYE)

(25) Reserve Accounts [202(9)]	N/A	N/A

Outcome May Include:

(1) Reduce over-crowding	(7) Create new affordable rental units
(2) Assist renters to become homeowners	(8) Assist affordable housing for college students
(3) Improve quality of substandard units	(9) Provide accessibility for disabled/elderly persons
(4) Improve quality of existing infrastructure	(10) Improve energy efficiency
(5) Address homelessness	(11) Reduction in crime reports
(6) Assist affordable housing for low income households	(12) Other – must provide description in boxes 1.4 (IHP) and 1.5 (APR) below

IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3 etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3 etc.

APR: REPORTING ON PROGRAM YEAR PROGRESS

Complete the shaded section of text below to describe your completed program tasks and actual results. Only report on activities completed during the 12-month program year . Financial data should be presented using the same basis of accounting as the Schedule of Expenditures of Federal Awards (SEFA) in the annual audit. For unit accomplishments, only count units when the unit was completed and occupied during the year. For households, only count the household if it received the assistance during the previous 12-month program year. (NAHASDA § 404(b))

1.1. Program Name and Unique Identifier:

Modernization of Current Assisted Stock 2019-1
DMD 2019-1

1.2. Program Description (This should be the description of the planned program.):

TNHA will continue to modernize current assisted stock developed under the 1937 Housing Act to ensure the long-term viability of affordable housing units in safe, decent, and sanitary condition. Project areas include Life, Health, and Safety Repairs; Energy Efficiency and Indoor Environmental Quality; and Cost-Effective Renewable Energy Systems, where feasible. The oldest units and those near conveyance will receive priority service.

Modernization activities may include repairs, retrofits, and improvements to: electrical systems; roofing; building envelope and insulation; mechanical and heating systems; building structure and accessibility; fixtures and furnishings; foundations; potable water and sewage system connections, and other building components. Project scopes will be designed to optimize indoor environmental quality and reduce consumption of costly fossil fuels, and to that end may also include environmental health assessments and interventions, integration of cold-climate heat pumps and solar photovoltaic systems, and telemetry to relay building performance data.

1.3. Eligible Activity Number (Select one activity from the Eligible Activity list. For any activity involving housing units as the output measure (excluding operations and maintenance), do not combine homeownership and rental housing in one activity, so that when housing units are reported in the APR they are correctly identified as homeownership or rental.):

(1) Modernization of 1937 Act Housing [202(1)]

1.4. Intended Outcome Number (Select one outcome from the Outcome list. Each program can have only one outcome. If more than one outcome applies, create a separate program for each outcome.):

(3) Improve quality of substandard units

Describe Other Intended Outcome (Only if you selected "Other" above):

1.5 Actual Outcome Number (In the APR identify the actual outcome from the Outcome list.):

Describe Other Actual Outcome (Only if you selected "Other" above.):

1.6 Who Will Be Assisted (Describe the types of households that will be assisted under the program. Please note: assistance made available to families whose incomes fall within 80 to 100 percent of the median must be included as a separate program within this section.):

Low-income residents eligible for 1937 Act Housing (Low Rent and Mutual Help)

1.7. Types and Level of Assistance (Describe the types and the level of assistance that will be provided to each household, as applicable.):

The types and level of assistance provided will vary based on individual household needs and physical condition of units. TNHA operations will develop project budgets and force-account crews will perform the modernization work. Household eligibility determination will be conducted in accordance with TNHA admissions and occupancy policies.

1.8. APR: Describe the accomplishments for the APR in the 12-month program year. In accordance with 24 CFR § 1000.512(b)(3), provide an analysis and explanation of cost overruns or high unit costs.

1.9: Planned and Actual Outputs for 12-Month Program Year

Planned Number of **Units** to be Completed in Year Under this Program

Planned Number of **Households** To Be Served in Year Under this Program

Planned Number of **Acres** To Be Purchased in Year Under this Program

2.1. Program Name and Unique Identifier:

Management of Current Assisted Stock 2019-2
DHM 2019-2

2.2. Program Description (This should be the description of the planned program.):

TNHA will continue to market and manage its legacy affordable housing programs developed under the 1937 Housing Act, namely the Low Rent and Mutual Help programs. This includes public advertisement of the programs, eligibility determination, timely recertification of participants' incomes, collection of tenant and homebuyer payments, wait list management, processing work order requests, maintaining and digitizing records, and implementing the tenant selection process in accordance with TNHA policies.

2.3. Eligible Activity Number (Select one activity from the Eligible Activity list. For any activity involving housing units as the output measure (excluding operations and maintenance), do not combine homeownership and rental housing in one activity, so that when housing units are reported in the APR they are correctly identified as homeownership or rental.):

(2) Operation of 1937 Act Housing [202(1)]

2.4. Intended Outcome Number (Select one outcome from the Outcome list. Each program can have only one outcome. If more than one outcome applies, create a separate program for each outcome.):

(6) Assist affordable housing for low income households

Describe Other Intended Outcome (Only if you selected "Other" above):

2.5 Actual Outcome Number (In the APR identify the actual outcome from the Outcome list.):

Describe Other Actual Outcome (Only if you selected "Other" above.):

2.6 Who Will Be Assisted (Describe the types of households that will be assisted under the program. Please note: assistance made available to families whose incomes fall within 80 to 100 percent of the median must be included as a separate program within this section.):

Low-income AIAN residents eligible for 1937 Act Housing (Low Rent and Mutual Help).

2.7. Types and Level of Assistance (Describe the types and the level of assistance that will be provided to each household, as applicable.):

TNHA will provide affordable housing management services in the eight villages across the Arctic Slope where 1937 Act stock exists with intent to promote the self-sufficiency of eligible tenants, homebuyers, and applicants.

2.8. APR: Describe the accomplishments for the APR in the 12-month program year. In accordance with 24 CFR § 1000.512(b)(3), provide an analysis and explanation of cost overruns or high unit costs.

2.9: Planned and Actual Outputs for 12-Month Program Year

3.1. Program Name and Unique Identifier:

Inspection of Current Assisted Stock 2019-3
DHM 2019-3

3.2. Program Description (This should be the description of the planned program.):

TNHA will assure that periodic move-in, move-out, and special inspections as needed are conducted in accordance with TNHA policy.

3.3. Eligible Activity Number (Select one activity from the Eligible Activity list. For any activity involving housing units as the output measure (excluding operations and maintenance), do not combine homeownership and rental housing in one activity, so that when housing units are reported in the APR they are correctly identified as homeownership or rental.):

(19) Housing Management Services [202(4)]

3.4. Intended Outcome Number (Select one outcome from the Outcome list. Each program can have only one outcome. If more than one outcome applies, create a separate program for each outcome.):

(3) Improve quality of substandard units

3.5 Actual Outcome Number (In the APR identify the actual outcome from the Outcome list.):

Describe Other Actual Outcome (Only if you selected "Other" above.):

3.6 Who Will Be Assisted (Describe the types of households that will be assisted under the program. Please note: assistance made available to families whose incomes fall within 80 to 100 percent of the median must be included as a separate program within this section.):

Low-income AIAIN residents of 1937 Act housing.

3.7. Types and Level of Assistance (Describe the types and the level of assistance that will be provided to each household, as applicable.):

TNHA staff will document and record inspection results and develop action plans to correct any deficiencies, to include notifying TNHA management of any Life Health Safety issues or concerns. Staff will advise tenants and homebuyers of their obligations under the terms of their occupancy agreements, maintenance and repair techniques, and appropriate community resources. Inspection results will be used in long-term planning of modernization projects.

3.8. APR: Describe the accomplishments for the APR in the 12-month program year. In accordance with 24 CFR § 1000.512(b)(3), provide an analysis and explanation of cost overruns or high unit costs.

5.1. Program Name and Unique Identifier:

Occupancy and Program Services 2019-5
DHS 2019-5

5.2. Program Description (This should be the description of the planned program.):

TNHA will provide a comprehensive spectrum of housing-related services to participants and prospective participants in its affordable housing programs, including community outreach, inter-agency coordination, application intake, tenant and homebuyer selection, counseling and education, loan and/or grant processing, payment collection, personal finance workshops, technical support and preparation of work orders. Additionally, housing assistance programs for eligible families not residing in TNHA units are pooled under this category.

5.3. Eligible Activity Number (Select one activity from the Eligible Activity list. For any activity involving housing units as the output measure (excluding operations and maintenance), do not combine homeownership and rental housing in one activity, so that when housing units are reported in the APR they are correctly identified as homeownership or rental.):

(18) Other Housing Services [202(3)]

5.4. Intended Outcome Number (Select one outcome from the Outcome list. Each program can have only one outcome. If more than one outcome applies, create a separate program for each outcome.):

(6) Assist affordable housing for low income households

Describe Other Intended Outcome (Only if you selected "Other" above):

5.5 Actual Outcome Number (In the APR identify the actual outcome from the Outcome list.):

Describe Other Actual Outcome (Only if you selected "Other" above.):

5.6 Who Will Be Assisted (Describe the types of households that will be assisted under the program. Please note: assistance made available to families whose incomes fall within 80 to 100 percent of the median must be included as a separate program within this section.):

Low-income AIAN residents, applicants, and community members eligible for program benefits.

5.7. Types and Level of Assistance (Describe the types and the level of assistance that will be provided to each household, as applicable.):

TNHA will maintain up-to-date information resources on its website (www.tnha.info) and social media platforms and host annual meetings in each community. Occupancy staff will provide materials and instruction in housekeeping practices and habits that reduce maintenance costs, improve community wellbeing, and promote resident safety. Other types of assistance may include: compliance and performance incentives for program participants; counseling current and prospective homebuyers on maintenance and financial responsibilities; maintaining partnerships with tribal and community social services providers and referring applicants and participants as necessary; tenant-based rental deposit assistance for eligible families seeking rental housing on the private market; down payment and closing cost assistance for qualified homebuyers; small home upgrade/repair loans; loan and grant program management and processing; promoting and facilitating resident employment opportunities, credit/financial literacy, and emergency preparedness; and other program and services that enhance participant self-sufficiency.

5.8. APR: Describe the accomplishments for the APR in the 12-month program year. In accordance with 24 CFR § 1000.512(b)(3), provide an analysis and explanation of cost overruns or high unit costs.

6.1. Program Name and Unique Identifier:

Management of NAHASDA-Assisted Units 2019-6
DHM 2019-6

6.2. Program Description (This should be the description of the planned program.):

TNHA will continue to manage its 43 homebuyer units developed to date under NAHASDA in accordance with its adopted policies and procedures.

6.3. Eligible Activity Number (Select one activity from the Eligible Activity list. For any activity involving housing units as the output measure (excluding operations and maintenance), do not combine homeownership and rental housing in one activity, so that when housing units are reported in the APR they are correctly identified as homeownership or rental.):

(20) Operation and Maintenance of NAHASDA-Assisted Units [202(4)]

6.4. Intended Outcome Number (Select one outcome from the Outcome list. Each program can have only one outcome. If more than one outcome applies, create a separate program for each outcome.):

(6) Assist affordable housing for low income households

Describe Other Intended Outcome (Only if you selected "Other" above):

6.5 Actual Outcome Number (In the APR identify the actual outcome from the Outcome list.):

Describe Other Actual Outcome (Only if you selected "Other" above.):

6.6 Who Will Be Assisted (Describe the types of households that will be assisted under the program. Please note: assistance made available to families whose incomes fall within 80 to 100 percent of the median must be included as a separate program within this section.):

Low income AIAN residents eligible for NAHASDA programs.

6.7. Types and Level of Assistance (Describe the types and the level of assistance that will be provided to each household, as applicable.):

The types and level of assistance provided will depend on individual household needs. This will include: program oversight; unit inspections; leasing management functions, such as wait list management, selections, counseling, transfers, move-ins, move-outs, and evictions; financial management and collection of payments; processing and preparation of non-routine work orders and related invoices; insurance coverage; repayment of Title VI loan; and other services as needed on a case-by-case basis. Recertifications will be conducted annually in accordance with TNHA admissions and occupancy policies. Inspections will be performed in accordance with Notice PIH 2012 45 (TDHEs).

6.8. APR: Describe the accomplishments for the APR in the 12-month program year. In accordance with 24 CFR § 1000.512(b)(3), provide an analysis and explanation of cost overruns or high unit costs.

Tribes in TNHA's NAHASDA service area

7.7. Types and Level of Assistance (Describe the types and the level of assistance that will be provided to each household, as applicable.):

This program will support general logistical expenses related to the coalition, including supplies, travel and per diem for delegates from each of the six tribes in TNHA's NAHASDA service area to participate in an annual conference of coalition members in Utqiagvik. This will be an opportunity for tribes to articulate their housing needs and provide their opinions on the performance of TNHA, as well as network and explore new ways of working together on housing issues, facilitate information sharing, receive technical education and partner updates, coordinate and streamline service delivery, build capacity, and attract the resources essential to addressing local and regional housing needs.

SECTION 4: MAINTAINING 1937 ACT UNITS, DEMOLITION, AND DISPOSITION

NAHASDA §§ 102(b)(2)(A)(v), 102(b)(2)(A)(iv)(I-III)

(1) Maintaining 1937 Act Units (NAHASDA § 102(b)(2)(A)(v)) *(Describe specifically how you will maintain and operate your 1937 Act housing units in order to ensure that these units will remain viable.)* :

Routine, non-routine, preventative, and emergency maintenance of 1937 Act low-income rental units is provided in Utqiagvik by dedicated in-house crews. TNHA does not operate low-income rental units outside of Utqiagvik.

Modernization and rehabilitation of both homebuyer units and rentals with repair needs exceeding normal wear-and-tear is tasked to seasonal force-account construction crews comprised of highly skilled tradespeople.

TNHA occupancy staff continues to improve policies and procedures for intake, selection, education, counseling, training and technical support of residents, as well as interdepartmental work flows to facilitate timely inspection, recertification, and proactive correction of housing unit deficiencies with operations staff.

Routine maintenance services are not provided to homebuyers pursuant to program terms and fiscal constraints; however, in recognition of the limited economies and access to residential contractors in the outlying villages of the Arctic Slope, non-routine and emergency services may be provided by TNHA force-account crews on a limited basis.

In such cases, TNHA will make reasonable efforts to keep costs to the homebuyer low (e.g., by bundling crew travel with funded modernization projects in the villages). The cost of any such assistance is borne by the homebuyer, and may require extending the term of their occupancy agreement.

(2) Demolition and Disposition (NAHASDA § 102(b)(2)(A)(iv)(I-III), 24 CFR 1000.134) Describe any planned demolition or sale of 1937 Act or NAHASDA-assisted housing units. If the recipient is planning on demolition or disposition of 1937 Act or NAHASDA-assisted housing units, be certain to include the timetable for any planned demolition or disposition and any other information that is required by HUD with respect to the demolition or disposition.

There is no planned demolition or sale of 1937 Act or NAHASDA-assisted housing units.

SECTION 6: OTHER SUBMISSION ITEMS

[102(b)(2)(C)(ii)], [201(b)(5)], [202(6)], [205(a)(2)], [209], 24 CFR §§ 1000.108, 1000.120, 1000.142, 1000.238, 1000.302

(1) Useful Life/Affordability Period(s) (NAHASDA § 205, 24 CFR § 1000.142) *(Describe your plan or system for determining the useful life/affordability period of the housing it assists with IHBG and/or Title VI funds must be provided in the IHP. A record of the current, specific useful life/affordability period for housing units assisted with IHBG and/or Title VI funds (excluding Mutual Help) must be maintained in the recipient's files and available for review for the useful life/affordability period.):*

Existing properties will likely be used well beyond what many may define as useful life due to persistent and severe overcrowding in the region and the extremely high cost of new development. However, we believe given adequate and timely maintenance and periodic upgrades, existing units may have an anticipated useful life of 20-25 years.

TNHA anticipates owning and controlling occupancy of NAHASDA-assisted homebuyer units for a minimum of 25 years and NAHASDA Contract for Conditional Installment Sale of Home (CCISH) units for a minimum of 20 years. Consequently, the required useful life of TNHA-owned units is established at 25 or 20 years depending on the type of program under which the unit was constructed. NAHASDA units receiving assistance after construction, by work order or modernization efforts, shall have the useful life of that assistance computed in this manner:

IHBG Resources Invested	Affordability Period
Under \$5,000.....	6 months
\$5,000 to \$15,000.....	5 years
\$15,001 to \$40,000.....	10 years
Over \$40,000.....	15 years

New Construction or acquisition of newly constructed housing...20 years

TNHA determines useful life through move-in, move-out, and periodic inspections per TNHA admissions and occupancy policy. TNHA staff will inspect the unit periodically, preferably once a year; in no case shall the elapsed time between inspections exceed three years. Additional inspections may be required where TNHA has reason to believe that the homebuyer is not maintaining the unit in a decent, safe, and sanitary condition; may have abused the unit; is not occupying the unit as required; and other conditions permitted by law. Failure to properly maintain the unit is grounds for termination from TNHA's affordable housing programs. TNHA assures that housing remains affordable through examination of family income prior to admission and re-examination periodically thereafter, preferably annually, as prescribed by TNHA admissions and occupancy policy.

(2) Model Housing and Over-Income Activities (NAHASDA § 202(6), 24 CFR § 1000.108) *(If you wish to undertake a model housing activity or wish to serve non-low-income households during the 12-month program year, those activities may be described here, in the program description section of the 1-year plan, or as a separate submission.):*

TNHA has no model and over-income activities planned for this program year.

(3) Tribal and Other Indian Preference (NAHASDA § 201(b)(5), 24 CFR § 1000.120) If preference will be given to tribal members or other Indian families, the preference policy must be described. This information may be provided here or in the program description section of the 1-year plan.

Does the Tribe have a preference policy? Yes No

If yes, describe the policy.

(4) Anticipated Planning and Administration Expenses (NAHASDA § 102(b)(2)(C)(ii), 24 CFR § 1000.238)

Do you intend to exceed your allowable spending cap for Planning and Administration? Yes No

If yes, describe why the additional funds are needed for Planning and Administration. For a recipient administering funds from multiple grant beneficiaries with a mix of grant or expenditure amounts, for each beneficiary state the grant amount or expenditure amount, the cap percentage applied, and the actual dollar amount of the cap.

(5) Actual Planning and Administration Expenses (NAHASDA § 102(b)(2)(C)(ii), 24 CFR § 1000.238)

Did you exceed your spending cap for Planning and Administration? Yes No

If yes, did you receive HUD approval to exceed the cap on Planning and Administration costs? Yes No

If you did not receive approval for exceeding your spending cap on planning and administration costs, describe the reason(s) for exceeding the cap. (See Section 6, Line 5 of the Guidance for information on carry-over of unspent planning and administration expenses.)

(6) Expanded Formula Area - Verification of Substantial Housing Services (24 CFR § 1000.302(3)) If your tribe has an expanded formula area (i.e., an area that was justified based on housing services provided rather than the list of areas defined in 24 CFR § 1000.302 Formula Area (1)), the tribe must demonstrate that it is continuing to provide substantial housing services to that expanded formula area. Does the tribe have an expanded formula area?

Yes No If no, proceed to Section 7.

If yes, list each separate geographic area that has been added to the Tribe's formula area and the documented number of Tribal members residing there.

For each separate formula area expansion, list the budgeted amount of IHBG and other funds to be provided to all American Indian and Alaska Native (AIAN) households and to only those AIAN households with incomes 80% of median income or lower during the recipient's 12-month program year:

Total Expenditures on Affordable Housing Activities for:		
	All AIAN Households	AIAN Households with Incomes 80% or Less of Median Income
IHBG Funds:		
Funds from Other Sources:		

(7) APR: If answered "Yes" in Line 6, for each separate formula area, list the amount of IHBG and other funds expended for all AIAN households and for only AIAN households with incomes 80% of median income or lower during the recipient's 12-month program year.

Total Expenditures on Affordable Housing Activities for:		
	All AIAN Households	AIAN Households with Incomes 80% or Less of Median Income
IHBG Funds:		
Funds from Other Sources:		

SECTION 7: INDIAN HOUSING PLAN CERTIFICATION OF COMPLIANCE

NAHASDA § 102(b)(2)(D)

By signing the IHP, the recipient certifies its compliance with Title II of the Civil Rights Act of 1968 (25 USC Part 1301 et seq.), and ensures that the recipient has all appropriate policies and procedures in place to operate its planned programs. The recipient should not assert that it has the appropriate policies and procedures in place if these documents do not exist in its files, as this will be one of the items verified during any HUD monitoring review.

(1) In accordance with applicable statutes, the recipient certifies that:

It will comply with Title II of the Civil Rights Act of 1968 in carrying out this Act, to the extent that such title is applicable, and other applicable federal statutes.

Yes No

(2) In accordance with 24 CFR 100.328, the recipient receiving less than \$200,000 under FCAS certifies that:

There are households within its jurisdiction at or below 80 percent of median income.

Yes No Not Applicable

(3) The following certifications will only apply where applicable based on program activities.

a. It will maintain adequate insurance coverage for housing units that are owned and operated or assisted with grant amounts provided under NAHASDA, in compliance with such requirements as may be established by HUD;

Yes No Not Applicable
